

The image is a detailed architectural floor plan of a building, overlaid with a grid system. The grid consists of vertical lines numbered 1 through 7 and horizontal lines lettered A through F. The building's footprint is defined by a thick black line. Inside, various rooms and corridors are shown in white. A red dashed line outlines a specific area, and a red 'X' is drawn over a section labeled 'zwembad' (swimming pool). The plan includes numerous small details, such as furniture, doors, and structural elements, all rendered in a clean, technical style.

Architectural floor plan of a building, likely a school or community center, showing a grid system (1-7 horizontally, A-F vertically). The plan includes a central staircase, a large room labeled 'zwembad' (swimming pool) in red, and various other rooms and corridors. Red dashed lines indicate proposed changes or boundaries. A logo for 'ARCHIEF PUR MER END OMGEVINGSTEAM BOUW' is in the bottom right corner.
