

Technical drawing of a concrete slab (D15) showing dimensions and reinforcement details. The slab is 1200 mm wide and 150 mm thick. It features a top reinforcement bar (Aanbrengen dubbele gording 50x100mm) and a bottom reinforcement bar (Aanbrengen dwarslatten, allen 50x100x500/300 mm (20)). The drawing also shows a cross-section of the slab with a 500 mm depth and a 500 mm width. The slab is supported by a concrete base (D15) and is surrounded by a concrete wall (D15). The drawing includes a table of dimensions and a list of materials.
