

WESTZIJDE ZAANDAM

Beplantingsplan

09-11-2022

INSPIRATIE

Zaanstreek

Zaanse schilderijen, kleurtinten zaans groen met oranje accenten.
Het Zaans kleurenpalet met tinten groen vormt de inspiratiebron voor het kleurenpalet van de beplanting.
In de herfst komen de oranje kleuren tevoorschijn, contrasterend met de omgeving.

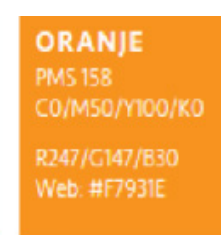

INSPIRATIE

Zaanse kleuren

Er zijn acht verschillende Zaanse groenen beschikbaar. Deze zijn afgeleid van de duizelingwekkende hoeveelheid groenen die de Zaanstreek rijk is.

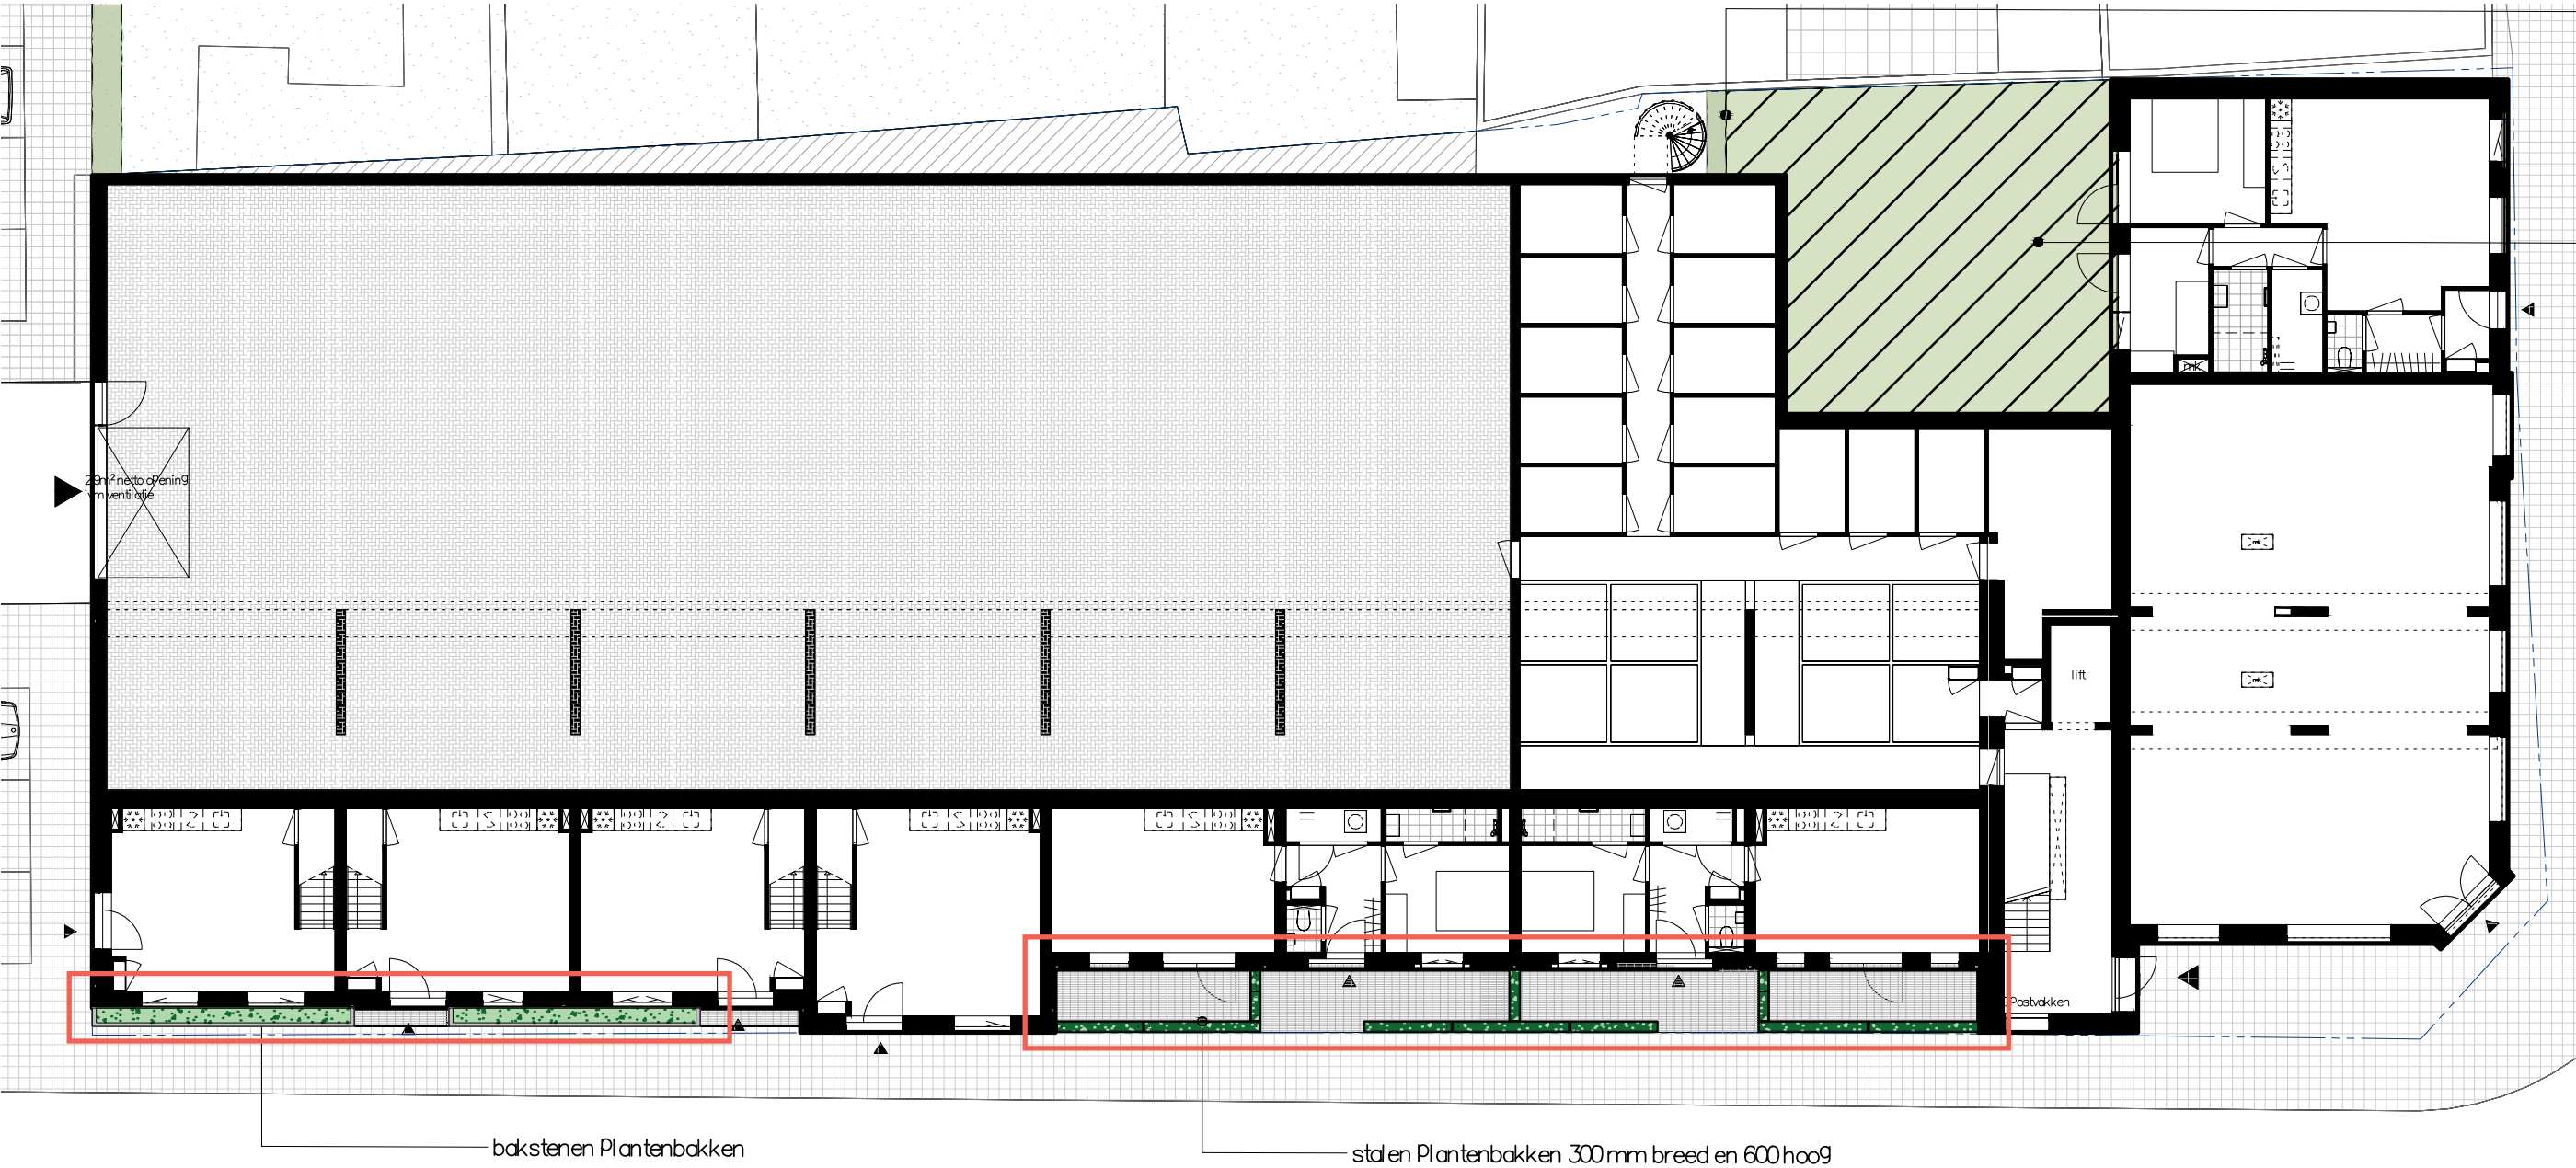

Steunkleuren

Steunkleuren worden toegepast ter verlevendiging

BEPLANTINGSPLAN

Beganegrond

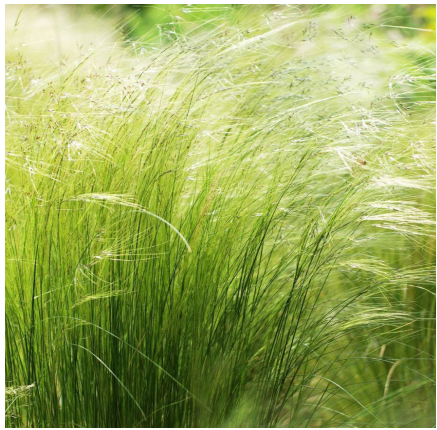

BEPLANTINGSPLAN

Begane grond - beplanting

Bakstenen
plantbak

Carex elata 'Aurea'

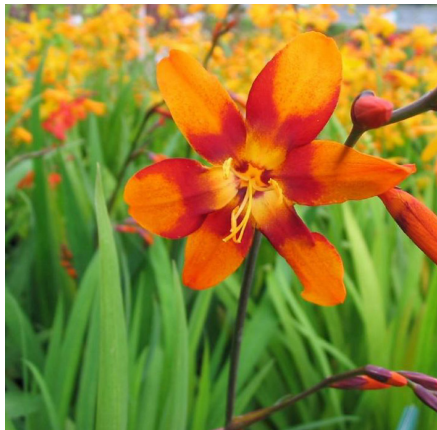

Stipa tenuissima

Carex elata 'Aurea'

Alchemilla xanthochlora

Crocosmia aurea

Potentilla fruticosa 'Red Ace'

Stalen plantbak

Stipa calamagrostis

Sesleria autumnalis

Carex morowii 'Variegata'

Deschampsia cespitosa 'Goldtau'

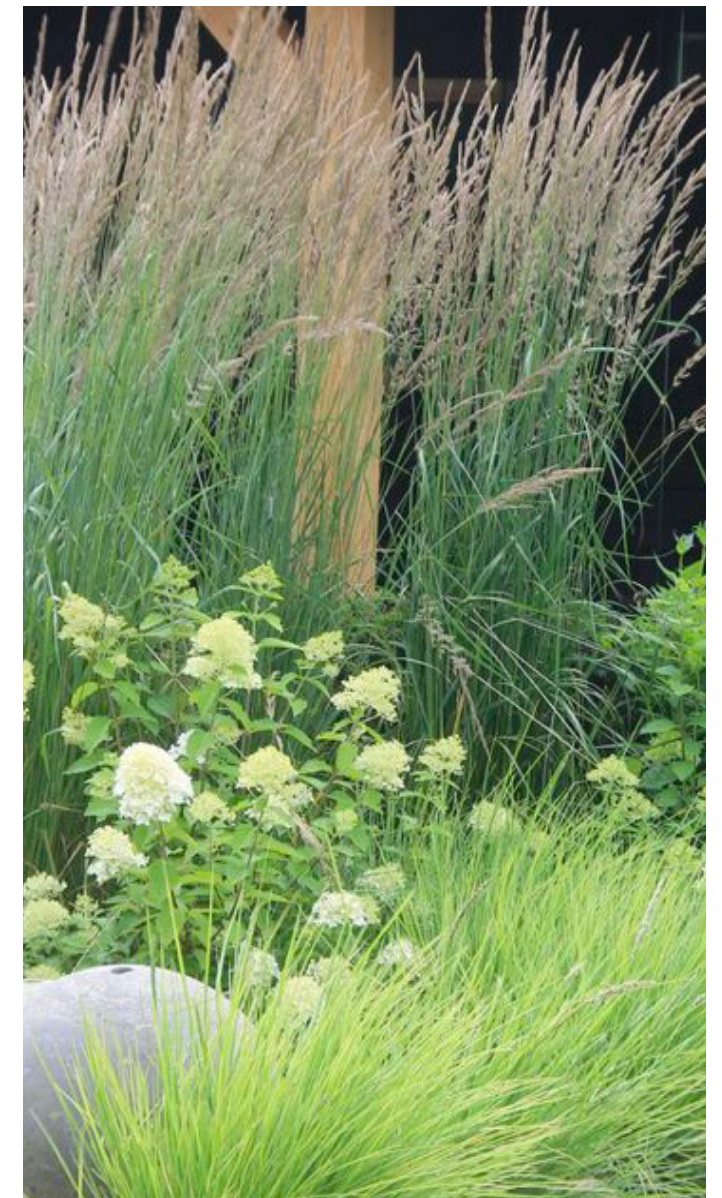

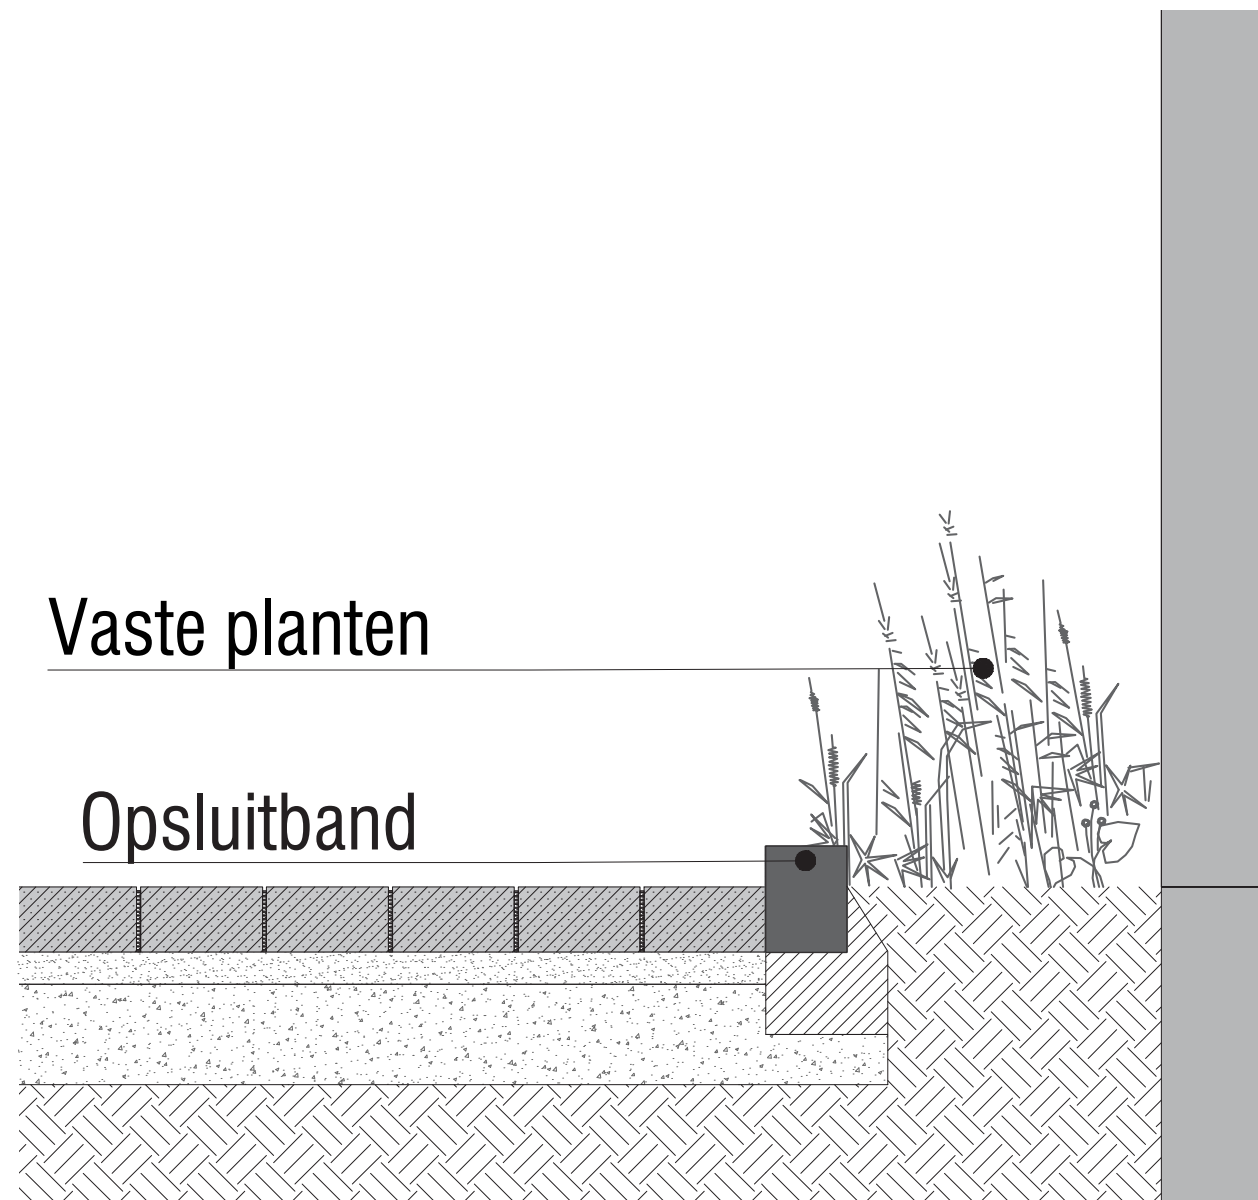

Calamagrostis acutiflora 'Karl Foerster'

Calamagrostis acutiflora 'Karl Foerster'
