Technical drawing of a building floor plan, specifically a geared section (geardeerde gedeelte). The drawing includes dimensions, grid lines, and labels for various components.

Dimensions and Grid Lines:

- Horizontal dimensions: 5.540, 1.730, 4.280, 6.020, 4.280. Total horizontal span: 14.520.
- Vertical dimensions: 1.70, 5.200, 1.70, 1.800, 1.580, 0.400, 0.400. Total vertical span: 15.800.
- Grid lines: ①, ②, ③, ④ horizontally; I, II vertically.

Labels and Components:

- IWG staalvezel betonvloer 200mm:** Indicated in two areas, with a note "wepening volgens nadere opgave constructeur".
- Borstende vloerconstructie ongewijzigd:** Located in the upper right section.
- IWG betonvloer 200mm:** Located in the lower right section, with a note "wepening volgens nadere opgave constructeur".
- Ringmuur:** Located at the bottom right corner.
- hsw aansluiten op oppervlaktewater:** Located at the bottom left corner.
- hsw aansluiten op oppervlaktewater:** Located at the bottom right corner.
- Rooft RD 10cm installateur aansluiten op gem. toot:** Located in the center of the geared section.
- Rooft 10cm installateur aansluiten op gem. toot:** Located in the center of the geared section.
- Rooft 10cm installateur aansluiten op gem. toot:** Located in the center of the geared section.
- Rooft 10cm installateur aansluiten op gem. toot:** Located in the center of the geared section.

Notes:

- A 14.07.25:** Indicated in two locations.
- B 14.07.25:** Indicated in one location.

Figure 10 consists of three diagrams illustrating the layout of a building with two zones (Zone 1 and Zone 2) and two BRV units. The diagrams show the building footprint, internal layout, and the location of the BRV units.

- Diagram 1 (Left):** Shows a building footprint with two zones. Zone 1 is a large rectangular area, and Zone 2 is a smaller rectangular area. Two BRV units are located on the left side of the building. The area between the zones is labeled "Opis: 234.69 m²".
- Diagram 2 (Middle):** Shows a building footprint with two zones. Zone 1 is a large rectangular area, and Zone 2 is a smaller rectangular area. Two BRV units are located on the left side of the building. The area between the zones is labeled "Opis: 161.27 m²".
- Diagram 3 (Right):** Shows a building footprint with two zones. Zone 1 is a large rectangular area, and Zone 2 is a smaller rectangular area. Two BRV units are located on the left side of the building. The area between the zones is labeled "Opis: 315.50 m²".
