General disclaimer on this Synthesised text document

This document presents the synthesised text for the application of the Convention between the Kingdom of the Netherlands and the Republic of India for the avoidance of double taxation and the prevention of fiscal evasion with respect to taxes on income and on capital, and Protocol signed on 30 July 1988 as amended by the Protocols signed on 10 May 2012 (the "Convention"), as modified by the Multilateral Convention to Implement Tax Treaty Related Measures to Prevent Base Erosion and Profit Shifting (the "MLI") signed by the Netherlands and India on 7 June 2017.

The document was prepared on the basis of the MLI position of the Netherlands submitted to the Depository upon acceptance on 29 March 2019 and of the MLI position of India submitted to the Depository upon ratification on 25 June 2019. These MLI positions are subject to modifications as provided in the MLI. Modifications made to MLI positions could modify the effects of the MLI on the Convention.

The authentic legal texts of the Convention and the MLI remain the only legal texts applicable.

The provisions of the MLI that are applicable with respect to the provisions of the Convention are included in boxes throughout the text of this document in the context of the relevant provisions of the Convention. The boxes containing the provisions of the MLI have generally been inserted in accordance with the ordering of the provisions of the OECD Model Tax Convention (as updated on 21 November 2017).

Changes to the text of the provisions of the MLI have been made to conform the terminology used in the MLI to the terminology used in the Convention (such as "Covered Tax Agreement" and "Convention", "Contracting Jurisdictions" and "States"), to ease the comprehension of the provisions of the MLI. The changes in terminology are intended to increase the readability of the document and are not intended to change the substance of the provisions of the MLI. Similarly, changes have been made to parts of provisions of the MLI that describe existing provisions of the Convention: descriptive language has been replaced by legal references of the existing provisions to ease the readability.

In all cases, references made to the provisions of the Convention or to the Convention must be understood as referring to the Convention as modified by the provisions of the MLI, provided such provisions of the MLI have taken effect.

ARTICLE 14 OF THE MLI – SPLITTING-UP OF CONTRACTS

For the sole purpose of determining whether the period referred to in paragraph 3 of Article 5 of the Convention has been exceeded:

- a) where an enterprise of a State carries on activities in the other State at a place that constitutes a building site, construction project, installation project or assembly project identified in paragraph 3 of Article 5 of the Convention and these activities are carried on during one or more periods of time that, in the aggregate, exceed 30 days without exceeding the period referred to in paragraph 3 of Article 5 of the Convention; and
- b) where connected activities are carried on in that other State at the same building site, construction project, installation project or assembly project identified in paragraph 3 of Article 5 of the Convention during different periods of time, each exceeding 30 days, by one or more enterprises closely related to the first-mentioned enterprise,

these different periods of time shall be added to the aggregate period of time during which the first mentioned enterprise has carried on activities at that building site, construction project, installation project or assembly project identified in paragraph 3 of Article 5 of the Convention.

4. Notwithstanding the preceding provisions of this Article, the term “permanent establishment” shall be deemed not to include:

The following paragraph 2 of Article 13 of the MLI applies to paragraph 4 of article 5 of this Convention:

ARTICLE 13 OF THE MLI – ARTIFICIAL AVOIDANCE OF PERMANENT ESTABLISHMENT STATUS THROUGH THE SPECIFIC ACTIVITY EXEMPTIONS (*Option A*)

Notwithstanding Article 5 of the Convention, the term “permanent establishment” shall be deemed not to include:

- b) the maintenance of a fixed place of business solely for the purpose of carrying on, for the enterprise, any activity not described in subparagraph a);
- c) the maintenance of a fixed place of business solely for any combination of activities mentioned in subparagraphs a) and b),

Paragraph 4 of Article 5 of the Convention, as modified by paragraph 2 of Article 13 of the MLI shall not apply to a fixed place of business that is used or maintained by an enterprise if the same enterprise or a closely related enterprise carries on business activities at the same place or at another place in the same State and:

- a) that place or other place constitutes a permanent establishment for the enterprise or the closely related enterprise under the provisions of Article 5 of the Convention; or
- b) the overall activity resulting from the combination of the activities carried on by the two enterprises at the same place, or by the same enterprise or closely related enterprises at the two places, is not of a preparatory or auxiliary character,

 - a) he has and habitually exercises in that State an authority to conclude contracts on behalf of the enterprise, unless his activities are limited to the purchase of goods or merchandise for the enterprise; or
 - b) he has no such authority, but habitually maintains in the firstmentioned State a stock of goods or merchandise from which he regularly delivers goods or merchandise on behalf of the enterprise.
6. An enterprise of one of the States shall not be deemed to have a permanent establishment in the other State merely because it carries on business in that other State through a broker, general commission agent or any other agent of an independent status, provided that such persons are acting in the ordinary course of their business. However, when the activities of such an agent are devoted wholly or almost wholly on behalf of that enterprise, he will not be considered an agent of an independent status within the meaning of this paragraph if it is shown that the transactions between the agent and the enterprise were not made under at arm's-length

conditions.

7. The fact that a company which is a resident of one of the States controls or is controlled by a company which is a resident of the other State, or which carries on business in that other State (whether through a permanent establishment or otherwise), shall not of itself constitute either company a permanent establishment of the other.

ARTICLE 15 OF THE MLI – DEFINITION OF A PERSON CLOSELY RELATED TO AN ENTERPRISE

For the purposes of the provisions of Article 5 of the Convention, a person is closely related to an enterprise if, based on all the relevant facts and circumstances, one has control of the other or both are under the control of the same persons or enterprises. In any case, a person shall be considered to be closely related to an enterprise if one possesses directly or indirectly more than 50 per cent of the beneficial interest in the other (or, in the case of a company, more than 50 per cent of the aggregate vote and value of the company's shares or of the beneficial equity interest in the company) or if another person possesses directly or indirectly more than 50 per cent of the beneficial interest (or, in the case of a company, more than 50 per cent of the aggregate vote and value of the company's shares or of the beneficial equity interest in the company) in the person and the enterprise.

CHAPTER III. TAXATION OF INCOME

Article 6. Income from immovable property

1. Income derived by a resident of one of the States from immovable property (including income from agriculture or forestry) situated in the other State may be taxed in that other State.
2. The term "immovable property" shall have the meaning which it has under the law of the State in which the property in question is situated. The term shall in any case include property accessory to immovable property, livestock and equipment used in agriculture and forestry, rights to which the provisions of general law respecting landed property apply, usufruct of immovable property and rights to variable or fixed payments as consideration for the working of, or the right to work, mineral deposits, sources and other natural resources; ships and aircraft shall not be regarded as immovable property.
3. The provisions of paragraph 1 shall apply to income derived from the direct use, letting, or use in any other form of immovable property.
4. The provisions of paragraphs 1 and 3 shall also apply to the income from immovable property of an enterprise and to income from immovable property used for the performance of independent personal services.

Article 7. Business profits

1. The profits of an enterprise of one of the States shall be taxable only in that State unless the enterprise carries on business in the other State through a permanent establishment situated therein. If the enterprise carries on business as aforesaid, the profits of the enterprise may be taxed in the other State but only so much of them as is attributable to that permanent establishment.
2. Subject to the provisions of paragraph 3, where an enterprise of one of the State carries on business in the other State through a permanent establishment situated therein, there shall in each State be attributed to that permanent establishment the profits which it might be expected to make if it were a distinct and separate enterprise engaged in the same or similar activities under the same or similar conditions and dealing wholly independently with the enterprise of which it is a permanent establishment. In any case where the correct amount of profits attributable to a permanent establishment is incapable of determination or the determination thereof presents exceptional difficulties, the profits attributable to the permanent establishment may be estimated on the basis of an apportionment of the total profits of the enterprise to its various parts, provided, however, that the result shall be in accordance with the principles contained in this Article.
3.
 - a) In determining the profits of a permanent establishment, there shall be allowed as deductions expenses which are incurred for the purposes of the permanent establishment, including executive and general administrative expenses so incurred, whether in the State in which the permanent establishment is situated or elsewhere, in accordance with the provisions of and subject to the limitations of the taxation laws of that State. Provided that where the law of the State in which the permanent establishment is situated imposes a restriction on the amount of the executive and general administrative expenses which

may be allowed, and that restriction is relaxed or overridden by any Convention between that State and a third State which enters into force after the date of entry into force of this Convention, the competent authority of that State shall notify the competent authority of the other State of the terms of the corresponding paragraph in the Convention with that third State immediately after the entry into force of that Convention and, if the competent authority of the other State so requests, the provisions of this subparagraph shall be amended by protocol to reflect such terms.

- b) However, no such deduction shall be allowed in respect of amounts, if any, paid (otherwise than towards reimbursement of actual expenses) by the permanent establishment to the head office of the enterprise or any of its other offices, by way of royalties, fees or other similar payments in return for the use of patents or other rights, or by way of commission for specific services performed or for management, or, except in the case of a banking enterprise, by way of interest on moneys lent to the permanent establishment. Likewise, no account shall be taken, in the determination of the profits of a permanent establishment, for amounts charged (otherwise than towards reimbursement of actual expenses), by the permanent establishment to the head office of the enterprise or any of its other offices, by way of royalties, fees or other similar payments in return for the use of patents or other rights, or by way of commission for specific services performed or for management, or, except in the case of a banking enterprise, by way of interest on moneys lent to the head office of the enterprise or any of its other offices.

4. No profits shall be attributed to a permanent establishment by reason of the mere purchase by that permanent establishment of goods or merchandise for the enterprise.
5. For the purposes of the preceding paragraphs, the profits to be attributed to the permanent establishment shall be determined by the same method year by year unless there is good and sufficient reason to the contrary.
6. Where profits include items of income which are dealt with separately in other Articles of this Convention, then the provisions of those Articles shall not be affected by the provisions of this Article.

Article 8. Air transport

1. Profits from the operation of aircraft in international traffic shall be taxable only in the State in which the place of effective management of the enterprise is situated.
2. For the purposes of this Article:
 - a) profits from the operation in international traffic of aircraft include profits derived from the rental on a bareboat basis of aircraft if operated in international traffic if such rental profits are incidental to the profits described in paragraph 1;
 - b) interest on funds connected with the operation of aircraft in international traffic shall be regarded as profits derived from the operation of such aircraft and the provisions of Article 11 shall not apply in relation to such interest.
3. The provisions of paragraph 1 shall also apply to profits from the participation in a pool, a joint business or an international operating agency.

Article 8A. Shipping

1. Profits from the operation of ships in international traffic shall be taxable only in the State in which the place of effective management of the enterprise is situated.
2. However, if the operation of a ship in the other State is more than casual, such profits may also be taxed in that other State and according to the laws of that State, but only so much of them as is derived from that other State and provided that the profits are in respect of any one or more of the first ten fiscal years for which the Convention has effect.

For the purposes of this paragraph:

- a) profits derived from the other State mean profits from the carriage of passengers or freight embarked in that other State;
 - b) the amount of such profits shall not exceed 5 per cent of the sums receivable in respect of such carriage;
 - c) the rate of tax chargeable on such profits shall be 50 per cent of the rate of tax on that profits which would have been chargeable in the absence of this Convention.
3. If the place of effective management of a shipping enterprise is aboard a ship, then it shall be deemed to be situated in the State in which the home harbour of the ship is situated, or, if there is no such home harbour, in

the State of which the operator of the ship is a resident.

4. For the purposes of this Article:
 - a) interest on funds connected with the operation of ships in international traffic shall be regarded as profits from the operation of such ships and the provisions of Article 11 shall not apply in relation to such interest, and
 - b) profits from the operation of ships include:
 - (i) profits derived from the use, maintenance or rental of containers (including trailers and related equipment for the transport of containers) in connection with the transport of goods or merchandise in international traffic;
 - (ii) profits from the rental on a full or bareboat basis of ships if operated in international traffic. Provided that such profits are incidental to the profits described in paragraph 1.
5. The provisions of the Article shall also apply to profits from the participation in a pool, a joint business or an international operating agency.

Article 9. Associated enterprises

1. Where
 - a) an enterprise of one of the States participates directly or indirectly in the management, control or capital of an enterprise of the other State, or
 - b) the same persons participate directly or indirectly in the management, control or capital of an enterprise of one of the States and an enterprise of the other State,

and in either case conditions are made or imposed between the two enterprises in their commercial or financial relations which differ from those which would be made between independent enterprises, then any profits which would, but for those conditions, have accrued to one of the enterprises, but, by reason of those conditions, have not so accrued, may be included in the profits of that enterprise and taxed accordingly.

2. Where one of the States includes in the profits of an enterprise of that State - and taxes accordingly - profits on which an enterprise of the other State has been charged to tax in that other State and the profits so included are profits which would have accrued to the enterprise of the first-mentioned State if the conditions made between the two enterprises had been those which would have been made between independent enterprises, then that other State shall make an appropriate adjustment to the amount of the tax charged therein on those profits. In determining such adjustment, due regard shall be had to the other provisions of the Convention and the competent authorities of the States shall if necessary consult each other.

Article 10. Dividends

1. Dividends paid by a company which is a resident of one of the States to a resident of the other State may be taxed in that other State.
2. However, such dividends may also be taxed in the State of which the company paying the dividends is a resident and according to the laws of that State, but if the recipient is the beneficial owner of the dividends the tax so charged shall not exceed 15 per cent of the gross amount of the dividends.
3. The competent authorities of the States shall by mutual agreement settle the mode of application of paragraph 2.
4. The provisions of paragraph 2 shall not affect the taxation of the company in respect of the profits out of which the dividends are paid.
5. The term "dividends" as used in this Article means income from shares, "jouissance" shares or "jouissance" rights, mining shares, founders shares or other rights participating in profits, as well as income from debt-claims participating in profits and income from other corporate rights which is subjected to the same taxation treatment as income from shares by the laws of the State of which the company making the distribution is a resident.
6. The provisions of paragraphs 1 and 2 shall not apply if the beneficial owner of the dividends, being a resident of one of the States, carries on business in the other State of which the company paying the dividends is a resident, through a permanent establishment situated therein, or performs in that other State independent personal services from a fixed base situated therein, and the holding in respect of which the dividends are

paid is effectively connected with such permanent establishment of fixed base. In such case the provisions of Article 7 or Article 14, as the case may be, shall apply.

7. Where a company which is a resident of one of the States derives profits or income from the other State, that other State may not impose any tax on the dividends paid by the company, except insofar as such dividends are paid to a resident of that other State or insofar as the holding in respect of which the dividends are paid is effectively connected with a permanent establishment of a fixed base situated in that other State, nor subject the company's undistributed profits to a tax on the company's undistributed profits, even if the dividends paid or the undistributed profits consist wholly or partly of profits or income arising in such other State.

Article 11. Interest

1. Interest arising in one of the States and paid to a resident of the other State may be taxed in that other State.
2. However, such interest may also be taxed in the State in which it arises and according to the laws of that State, but if the recipient is the beneficial owner of the interest the tax so charged shall not exceed:
 - a) 10 per cent of the gross amount of the interest on loans made or guaranteed by a bank or other financial institution carrying on bona fide banking or financing business or by an enterprise which holds directly or indirectly at least 10 per cent of the capital of the company paying the interest;
 - b) 15 per cent of the gross amount of the interest in all other cases.
3. Notwithstanding the provisions of paragraph 2:
 - a) the Government of one of the States shall be exempt from tax in the other State in respect of interest derived directly or indirectly by that Government from that other State;
 - b) interest arising in one of the States and paid in respect of a loan guaranteed or insured by the Government of the other State shall be exempt from tax in the first-mentioned State.
4. For the purposes of paragraph 3 the term "Government" means:
 - a) in the case of the Netherlands, the Government of the Kingdom of the Netherlands and shall include:
 - the local authorities;
 - the Nederlandsche Bank (Central Bank);
 - such institutions, the capital of which is wholly owned by the Government of the Kingdom of the Netherlands or the local authorities.
 - the Nederlandse Financierings Maatschappij voor Ontwikkelingslanden N.V. (Netherlands finance company for developing countries) and the Nederlandse Investeringsbank voor Ontwikkelingslanden N.V. (Netherlands investment bank for developing countries);
 - all other institutions as may be agreed from time to time between the competent authorities of the States;
 - b) in the case of India, the Government of India and shall include:
 - a political subdivision;
 - a local authority;
 - the Reserve Bank of India (Central Bank);
 - the Export-Import Bank of India;
 - such institutions, the capital of which is wholly owned by the Government of India or a political subdivision or a local authority;
 - all other institutions as may be agreed from time to time between the competent authorities of the States.
5. The competent authorities of the States shall by mutual agreement settle the mode of application of paragraph 2.
6. The term "interest" as used in this Article means income from debt-claims of every kind, whether or not secured by mortgage, but not carrying a right to participate in the debtor's profits, and in particular, income from government securities and income from bonds or debentures, including premiums and prizes attaching to such securities, bonds or debentures. Penalty charges for late payment shall not be regarded as interest for the purpose of this Article.
7. The provisions of paragraphs 1, 2 and 3 shall not apply if the beneficial owner of the interest, being a resident of one of the States, carries on business in the other State in which the interest arises, through a permanent establishment situated therein, or performs in that other State independent personal services from a fixed base situated therein and the debtclaim in respect of which the interest is paid is effectively connected with such permanent establishment or fixed base. In such case the provisions of Article 7 or Article 14, as the case may be, shall apply.

8. Interest shall be deemed to arise in one of the States when the payer is that State itself, a political subdivision, a local authority or a resident of that State. Where, however, the person paying the interest, whether he is a resident of one of the States or not, has in one of the States a permanent establishment or a fixed base in connection with which the indebtedness on which the interest is paid was incurred, and such interest is borne by such permanent establishment or fixed base, then such interest shall be deemed to arise in the State in which the permanent establishment or fixed base is situated.
9. Where, by reason of a special relationship between the payer and the beneficial owner or between both of them and some other person, the amount of the interest, having regard to the debtclaim for which it is paid, exceeds the amount which would have been agreed upon by the payer and the beneficial owner in the absence of such relationship, the provisions of this Article shall apply only to the last-mentioned amount. In such case, the excess part of the payments shall remain taxable according to the laws of each State, due regard being had to the other provisions of this Convention.

Article 12. Royalties, fees for technical services and payments for the use of equipment

1. Royalties, fees for technical services and payments for the use of equipment arising in one of the States and paid to a resident of the other State may be taxed in that other State.
2. However, such royalties, fees and payments may also be taxed in the State in which they arise and according to the laws of that State, but if the recipient is the beneficial owner of these categories of income the tax so charged shall not exceed 20 per cent of the gross amount of the royalties, of the fees and payments.
3. The competent authorities of the States shall by mutual agreement settle the mode of application of paragraph 2.
4. The term "royalties" as used in this Article means payments of any kind received as a consideration for the use of, or the right to use, any copyright of literary, artistic or scientific work including motion picture films and works on film or videotape for use in connection with television, any patent, trade mark, design or model, plan, secret formula or process or for information concerning industrial, commercial or scientific experience.
5. The term "fees for technical services" as used in this Article means payments of any kind to any person, other than payments to an employee of the person making the payments and to any individual for independent personal services mentioned in Article 14, in consideration for services of a managerial, technical or consultancy nature.
6. The term "payments for the use of equipment" as used in this Article means payments of any kind received as a consideration for the use of, or the right to use, industrial, commercial or scientific equipment.
7. The provisions of paragraphs 1 and 2 shall not apply if the beneficial owner of the royalties, fees for technical services or the payments for the use of equipment, being a resident of one of the States, carries on business in the other State in which the royalties, fees for the technical services or the payments for the use of equipment arise, through a permanent establishment situated therein, or performs in that other State independent personal services from a fixed base situated therein, and the royalties, fees for technical services or the payments for the use of equipment are effectively connected with such permanent establishment or fixed base. In such case the provisions of Article 7 or Article 14, as the case may be, shall apply.
8. Royalties, fees for technical services or payments for the use of equipment shall be deemed to arise in one of the States when the payer is that State itself, a political subdivision, a local authority or a resident of that State. Where however, the person paying the royalties, fees for technical services or the payments for the use of equipment, whether he is a resident of one of the States or not, has in one of the States a permanent establishment or a fixed base in connection with which the contract under which the royalties, fees for technical services or the payments for the use of equipment are paid was concluded, and such royalties, fees for technical services or payments for the use of equipment are borne by such permanent establishment or fixed base, then such royalties, fees for technical services or payments for the use of equipment shall be deemed to arise in the State in which the permanent establishment or fixed base is situated.
9. Where, by reason of a special relationship between the payer and the beneficial owner or between both of them and some other person, the amount of the royalties, fees for technical services or the payments for the use of equipment, having regard to the royalties, technical services or the use of equipment for which they are paid, exceeds the amount which would have been agreed upon by the payer and the beneficial owner in the absence of such relationship, the provisions of this Article shall apply only to the last-mentioned amount. In such case, the excess part of the payment shall remain taxable according to the laws of each State, due regard being had to the other provisions of this Convention.

3. Gains from the alienation of ships or aircraft operated in international traffic or movable property pertaining to the operation of such ships or aircraft, shall be taxable only in the State in which the place of effective management of the enterprise is situated. 5. Gains from the alienation of any property other than that referred to in paragraphs 1, 2, 3 and 4, shall be taxable only in the State of which the alienator is a resident. However, gains from the alienation of shares issued by a company resident in the other State which shares form part of at least a 10 per cent interest in the capital stock of that company, may be taxed in that other State if the alienation takes place to a resident of that other State. However such gains shall remain taxable only in the State of which the alienator is a resident if such gains are realized in the course of a corporate organization, reorganization, amalgamation, division or similar transaction, and the buyer or the seller owns at least 10 per cent of the capital of the other.
6. The provisions of paragraph 5 shall not affect the right of each of the States to levy according to its own law a tax on gains from the alienation of shares or "jouissance" rights in a company, the capital of which is wholly or partly divided into shares and which under the laws of that State is a resident of that State, derived by an individual who is a resident of the other State and has been a resident of the first-mentioned State in the course of the last five years preceding the alienation of the shares or "jouissance" rights.

CHAPTER IV. TAXATION OF CAPITAL

Article 22. Capital

1. Capital represented by immovable property referred to in Article 6, owned by a resident of one of the States and situated in the other State, may be taxed in that other State.
2. Capital represented by movable property forming part of the business property of a permanent establishment which an enterprise of one of the States has in the other State or by movable property pertaining to a fixed base available to a resident of one of the States in the other State for the purpose of performing independent personal services, may be taxed in that other State.
3. For the purposes of this paragraph the provisions of paragraph 3 of

Article 8A shall apply.

4. All other elements of capital of a resident of one of the States shall be taxable only in that State.

CHAPTER V. ELIMINATION OF DOUBLE TAXATION

Article 23. Elimination of double taxation

1. The Netherlands, when imposing tax on its residents, may include in the basis upon which such taxes are imposed the items of income of capital which, according to the provisions of this Convention, may be taxed in India.
2. However, where a resident of the Netherlands derives items of income or owns items of capital which according to Article 6, Article 7, paragraph 6 of Article 10, paragraph 7 of Article 11, paragraph 7 of Article 12, paragraphs 1, 2, 4 and 5 of Article 13, Article 14, paragraph 1 of Article 15, Article 16, paragraph 3 of Article 18, Article 19 and paragraphs 1 and 2 of Article 22 of this Convention may be taxed in India and are included in the basis referred to in paragraph 1, the Netherlands shall exempt such items of income of capital by allowing a reduction of its tax. This reduction shall be computed in conformity with the provisions of Netherlands law for the avoidance of double taxation. For that purpose the said items of income or capital shall be deemed to be included in the total amount of the items of income or capital which are exempt from Netherlands tax under those provisions.

The following paragraph 2 of Article 5 of the MLI applies to paragraph 2 of Article 23 of this Convention with respect to the residents of the Netherlands:

ARTICLE 5 OF THE MLI – APPLICATION OF METHODS FOR ELIMINATION OF DOUBLE TAXATION
(Option A)

Paragraph 2 of Article 23 of the Convention shall not apply where India applies the provisions of the Convention to exempt income derived or capital owned by a resident of the Netherlands from tax or to limit the rate at which such income or capital may be taxed. In the latter case, the Netherlands shall allow as a deduction from the tax on income or capital of that resident an amount equal to the tax paid in India. Such deduction shall not, however, exceed that part of the tax, as computed before the deduction is given, which is attributable to such items of income or capital which may be taxed in India.

3. Further, the Netherlands shall allow a deduction from the Netherlands tax so computed for the items of income which according to paragraph 2 of Article 8A, paragraph 2 of Article 10, paragraph 2 of Article 11, paragraph 2 of Article 12, Article 17 and paragraph 2 of Article 18 of this Convention may be taxed in India to the extent that there items are included in the basis referred to in paragraph 1. The amount of this deduction shall be equal to the tax paid in India on these items of income, but shall not exceed the amount of the reduction which would be allowed if the items of income so included were the sole items of income which are exempt from Netherlands tax under the provisions of Netherlands law for the avoidance of double taxation.

Where, by reason of special relief given under the provisions of Indian law for the purpose of encouraging investment in India, the Indian tax actually levied on interest arising in India is lower than the tax India may levy according to sub-paragraphs a) and b) of paragraph 2 of Article 11, then the amount of the tax paid in India on such interest shall be deemed to have been paid at the rates of tax mentioned in the said provisions. However, if the general tax rates under Indian law applicable to the afore-mentioned interest are reduced below those mentioned in the foregoing sentence these lower rates shall apply for the purposes to that sentence. The provisions of the two foregoing sentences shall only apply for a period of ten years after the date on which the Convention became effective. This period may be extended by mutual agreement between the competent authorities.

4. In India double taxation shall be eliminated as follows:

Where a resident of India derives income or owns capital which, in accordance with the provisions of this Convention, may be taxed in the Netherlands, India shall allow as a deduction from the tax on the income of that resident an amount equal to the income tax paid in the Netherlands, whether directly or by deduction; and as a deduction from the tax on the capital of that resident an amount equal to the capital tax paid in the Netherlands. Such deduction in either case shall not, however, exceed that part of the income tax or capital tax (as computed before the deduction is given) which is attributable, as the case may be, to the income or the capital which may be taxed in the Netherlands. Further, where such resident is a company by which surtax is payable in India, the deduction in respect of income tax paid in the Netherlands shall be allowed in the first instance from income tax payable by the company in India and as to

the balance, if any, from surtax payable by it in India.

Provided that income which in accordance with the provisions of this Convention is not to be subjected to tax may be taken into account in calculating the rate of tax to be imposed.

For the purposes of this paragraph in determining the taxes on income paid to the Netherlands, the investment premiums and bonuses and desinvestment payments as meant in the Netherlands Investment Account Law ("Wet investeringsrekening") shall not be taken into account. For the purposes of this paragraph, the taxes referred to in paragraphs 3a) and 4 of Article 2, other than the capital tax, shall be considered taxes on income.

5. Where a resident of one of the States derives gains which may be taxed in the other State in accordance with paragraph 6 of Article 13, that other State shall allow a deduction from its tax on such gains to an amount equal to the tax levied in the first-mentioned State on the said gains.

CHAPTER VI. SPECIAL PROVISIONS

Article 24. Non-Discrimination

1. Nationals of one of the States shall not be subjected in the other State to any taxation or any requirement connected therewith, which is other or more burdensome than the taxation and connected requirements to which nationals of that other State in the same circumstances are or may be subjected. This provision shall, notwithstanding the provisions of Article 1, also apply to persons who are not residents of one or both of the States.
2. Except where the provisions of paragraph 3 of Article 7 apply the taxation on a permanent establishment which an enterprise of one of the States has in the other State shall not be less favourably levied in that other State than the taxation levied on enterprises of that other State carrying on the same activities.
3. The provision of paragraph 2 shall not be construed as obliging one of the States to grant to residents of the other State any personal allowances, reliefs and reductions for taxation purposes on account of civil status or family responsibilities which it grants to its own residents.
4. Except where the provisions of paragraph 1 of Article 9, paragraph 9 of Article 11, or paragraph 9 of Article 12, apply, interest, royalties and other disbursements paid by an enterprise of one of the States to a resident of the other State shall, for the purpose of determining the taxable profits of such enterprise, be deductible under the same conditions as if they had been paid to a resident of the first-mentioned State. Similarly, any debts of an enterprise of one of the States to a resident of the other State shall, for the purpose of determining the taxable capital of such enterprise, be deductible under the same conditions as if they had been contracted to a resident of the first-mentioned State.
5. Enterprises of one of the States, the capital of which is wholly or partly owned or controlled, directly or indirectly, by one or more residents of the other State, shall not be subjected in the first-mentioned State to any taxation or any requirement connected therewith which is other or more burdensome than the taxation and connected requirements to which other similar enterprises of the first-mentioned State are or may be subjected.

Article 25. Mutual agreement procedure

1. Where a person considers that the action of one or both of the States result or will result for him in taxation not in accordance with the provisions of this Convention, he may, irrespective of the remedies provided by the domestic law of those States, present his case to the competent authority of the State of which he is a resident or, if his case comes under paragraph 1 of Article 24, to that of the State of which he is a national. The case must be presented within three years from the first notification of the action resulting in taxation not in accordance with the provisions of the Convention.
2. The competent authority shall endeavour, if the objection appears to it to be justified and if it is not itself able to arrive at a satisfactory solution, to resolve the case by mutual agreement with the competent authority of the other State, with a view to the avoidance of taxation which is not in accordance with the Convention. Any agreement reached shall be implemented notwithstanding any time limits in the domestic law of the States.
3. The competent authorities of the States shall endeavour to resolve by mutual agreement any difficulties or doubts arising as to the interpretation or application of the Convention. They may also consult together for the elimination of double taxation in cases not provided for in the Convention.
4. The competent authorities of the States may communicate with each other directly for the purpose of reaching an agreement in the sense of the preceding paragraphs. When it seems advisable in order to reach

agreement to have an oral exchange of opinions, such exchange may take place through a Commission consisting of representatives of the competent authorities of the two States.

Article 26. Exchange of Information

1. The competent authorities of the States shall exchange such information (including documents or certified copies of the documents) as is foreseeably relevant for carrying out the provisions of this Convention or to the administration or enforcement of the domestic laws concerning taxes of every kind and description imposed on behalf of the States, or of their political subdivisions or local authorities, insofar as the taxation thereunder is not contrary to the Convention. The exchange of information is not restricted by Articles 1 and 2.
2. Any information received under paragraph 1 by a State shall be treated as secret in the same manner as information obtained under the domestic laws of that State and shall be disclosed only to persons or authorities (including courts and administrative bodies) concerned with the assessment or collection of, the enforcement or prosecution in respect of, the determination of appeals in relation to the taxes referred to in paragraph 1, or the oversight of the above. Such persons or authorities shall use the information only for such purposes. They may disclose the information in public court proceedings or in judicial decisions. Notwithstanding the foregoing, information received by a State may be used for other purposes when such information may be used for such other purposes under the laws of both States and the competent authority of the supplying State authorizes such use.
3. In no case shall the provisions of paragraphs 1 and 2 be construed so as to impose on a State the obligation:
 - a. to carry out administrative measures at variance with the laws and administrative practice of that or of the other State;
 - b. to supply information which is not obtainable under the laws or in the normal course of the administration of that or of the other State;
 - c. to supply information which would disclose any trade, business, industrial, commercial or professional secret or trade process, or information the disclosure of which would be contrary to the public policy (ordre public).
4. If information is requested by a State in accordance with this Article, the other State shall use its information gathering measures to obtain the requested information, even though that other State may not need such information for its own tax purposes. The obligation contained in the preceding sentence is subject to the limitations of paragraph 3 but in no case shall such limitations be construed to permit a State to decline to supply information solely because it has no domestic interest in such information.
5. In no case shall the provisions of paragraph 3 be construed to permit a State to decline to supply information solely because the information is held by a bank, other financial institution, nominee or person acting in an agency or a fiduciary capacity or because it relates to ownership interests in a person.

Article 27. Diplomatic agents and consular officers

1. Nothing in this Convention shall affect the fiscal privileges of diplomatic agents or consular officers under the general rules of international law or under the provisions of special agreements.
2. For the purposes of the Convention an individual, who is a member of a diplomatic or consular mission of one of the States in the other State or in a third State and who is a national of the sending State, shall be deemed to be a resident of the sending State if he is subjected therein to the same obligations in respect of taxes on income or on capital as are residents of that State.
3. International organisations, organs and officials thereof and members of a diplomatic or consular mission of a third State, being present in one of the States, are not entitled, in the other State, to the reductions or exemptions from tax provided for in Articles 10, 11 and 12 in respect of the items of income dealt with in these Articles and arising in that other State, if such items of income are not subject to a tax on income in the first-mentioned State.

Article 28. Territorial extension

1. This Convention may be extended, either in its entirety or with any necessary modifications, to either or both of the countries of Aruba or the Netherlands Antilles, if the country concerned imposes taxes substantially similar in character to those to which the Convention applies. Any such extension shall take effect from such date and subject to such modifications and conditions, including conditions as to termination, as may be specified and agreed in notes to be exchanged through diplomatic channels.

2. Unless otherwise agreed the termination of the Convention shall not also terminate any extension of the Convention to any country to which it has been extended under this Article.

The following paragraphs 1 through 3 of Article 10 of the MLI apply and supersede the provisions of this Convention:

ARTICLE 10 OF THE MLI – ANTI-ABUSE RULE FOR PERMANENT ESTABLISHMENT SITUATED IN THIRD JURISDICTIONS

1. Where:

a) an enterprise of a State derives income from the other State and the first-mentioned State treats such income as attributable to a permanent establishment of the enterprise situated in a third jurisdiction; and

b) the profits attributable to that permanent establishment are exempt from tax in the first-mentioned State,

the benefits of the Convention shall not apply to any item of income on which the tax in the third jurisdiction is less than 60 per cent of the tax that would be imposed in the first-mentioned State on that item of income if that permanent establishment were situated in the first-mentioned State. In such a case, any income to which the provisions of this paragraph apply shall remain taxable according to the domestic law of the other State, notwithstanding any other provisions of the Convention.

2. Paragraph 1 shall not apply if the income derived from the other State described in paragraph 1 is derived in connection with or is incidental to the active conduct of a business carried on through the permanent establishment (other than the business of making, managing or simply holding investments for the enterprise's own account, unless these activities are banking, insurance or securities activities carried on by a bank, insurance enterprise or registered securities dealer, respectively).

3. If benefits under the Convention are denied pursuant to paragraph 1 with respect to an item of income derived by a resident of a State, the competent authority of the other State may, nevertheless, grant these benefits with respect to that item of income if, in response to a request by such resident, such competent authority determines that granting such benefits is justified in light of the reasons such resident did not satisfy the requirements of paragraphs 1 and 2. The competent authority of the State to which a request has been made under the preceding sentence by a resident of the other State shall consult with the competent authority of that other State before either granting or denying the request.

The following paragraph 1 of Article 7 of the MLI applies and supersedes the provisions of this Convention:

ARTICLE 7 OF THE MLI – PREVENTION OF TREATY ABUSE
(Principal purposes test provision)

Notwithstanding any provisions of the Convention, a benefit under the Convention shall not be granted in respect of an item of income or capital if it is reasonable to conclude, having regard to all relevant facts and circumstances, that obtaining that benefit was one of the principal purposes of any arrangement or transaction that resulted directly or indirectly in that benefit, unless it is established that granting that benefit in these circumstances would be in accordance with the object and purpose of the relevant provisions of the Convention.

CHAPTER VII. FINAL PROVISIONS

Article 29

1. Each of the States shall notify to the other the completion of the procedures required by its law for the bringing into force of this Convention. This Convention shall enter into force on the thirtieth day after the latter of the dates on which the respective Governments have notified each other in writing that the formalities constitutionally required in their respective States have been complied with, and its provision shall have effect:

In such event the Convention shall cease to have effect:

- a) in the Netherlands for taxable years and periods beginning on or after the first day of January next following of the calendar year in which the notice of termination had been given;
- b) in India in respect of income arising in any fiscal year beginning on or after the 1st day of April next following the calendar year in which the notice of termination has been given.

Protocol

At the moment of signing the Convention for the avoidance of double taxation and the prevention of fiscal evasion with respect to taxes on income on capital, this day concluded between the Kingdom of the Netherlands and the Republic of India, the undersigned have agreed that the following provisions shall form an integral part of the Convention.

I. Ad Article 7

1. In respect of paragraphs 1 and 2 of Article 7, where an enterprise of one of the States sells goods or merchandise or carries on business in the other State through a permanent establishment situated therein, the profits of that permanent establishment shall not be determined on the basis of the total amount received by the enterprise, but shall be determined only on the basis of the remuneration which is attributable to the actual activity of the permanent establishment for such sales or business. Especially, in the case of contracts for the survey, supply, installation or construction of industrial, commercial or scientific equipment or premises, or of public works, when the enterprise has a permanent establishment, the profits of such permanent establishment shall not be determined on the basis of the total amount of the contract, but shall be determined only on the basis of that part of the contract which is effectively carried out by the permanent establishment in the State where the permanent establishment is situated. The profits related to that part of the contract which is carried out by the head office of the enterprise shall be taxable only in the State of which the enterprise is a resident.
2. It is understood that with respect to paragraph 2 of Article 7, no profits shall be attributed to a permanent establishment by reason of the facilitation of the conclusion of foreign trade or loan agreements or the mere signing thereof.
3. Where the law of the State in which a permanent establishment is situated imposes in accordance with the provisions of sub-paragraph a) of paragraph 3 of Article 7 a restriction on the amount of the executive and general administrative expenses which may be allowed as a deduction in determining the profits of such permanent establishment, it is understood that in determining the profits of such permanent establishment the deduction in respect of such executive and general administrative expenses in no case shall be less than what is allowable under the Indian Income-tax Act as on the date of signature of this Convention.

II. Ad Article 8A

It is understood that in case the percentage as is specified in section 44B of the Indian Income-tax Act as on the date of signature of this Convention for the purpose of determining the amount of shipping profits is reduced by any change in the Indian law, the percentage as is mentioned in sub-paragraph b) of paragraph 2 of Article 8A will be reduced in the same proportion.

III. Ad Article 9

It is understood that the fact that associated enterprises have concluded arrangements, such as costsharing arrangements or general services agreements, for or based on the allocation of executive, general administrative, technical and commercial expenses, research and development expenses and other similar expenses, is not in itself a condition as meant in paragraph 1 of Article 9.

IV. Ad Articles 10, 11 and 12

1. Where tax has been levied at source in excess of the amount of tax chargeable under the provisions of Articles 10, 11 or 12, applications for the refund of the excess amount of tax have to be lodged with the competent authority of the State having levied the tax, within a period of three years after the expiration of the calendar year in which the tax has been levied.
2. If after the signature of this Convention under any Convention or Agreement between India and a third State which is a member of the OECD India should limit its taxation at source on dividends, interest, royalties, fees for technical services or payments for the use of equipment to a rate lower or a scope more restricted than the rate or scope provided for in this Convention on the said items of income, then, as from the date on which the relevant India Convention or Agreement enters into force the same rate or scope as provided for in that Convention or Agreement on the said items of income shall also apply under this Convention.

V. Ad Article 12

It is understood that in case India applies a levy, not being a levy covered by Article 2, such as the Research and Development Cess, on payments meant in Article 12, and if after the signature of this Convention under any

Convention or Agreement between India and a third State which is a member of the OECD India should give relief from such levy, directly, by reducing the rate or the scope of the levy, either in full or in part, or, indirectly, by reducing the rate or the scope of the Indian tax allowed under the Convention or Agreement in question on payments as meant in Article 12 of this Convention with the levy, either in full or in part, then, as from the date on which the relevant Indian Convention or Agreement enters into force, such relief as provided for in that Convention or Agreement shall also apply under this Convention.

VI. Ad Article 16

It is understood that "bestuurder" or "commissaris" of a Netherlands company means persons, who are nominated as such by the general meeting of shareholders or by any other competent body of such company and are charged with the general management of the company and the supervision thereof, respectively.

VII. Ad Article 23

It is understood that for the computation of the reduction mentioned in paragraph 2 of Article 23, the items of capital referred to in paragraph 1 of Article 22 shall be taken into account for the value thereof reduced by the value of the debts secured by mortgage on that capital and the items of capital referred to in paragraph 2 of Article 22 shall be taken into account for the value thereof reduced by the value of the debts pertaining to the permanent establishment or fixed base.

VIII. Ad Article 26

1. The provisions of Article 26 shall also apply accordingly to information that is relevant for carrying out the income-related regulations under the laws of the States by the tax authorities of the State concerned with the implementation, administration or enforcement of these income-related regulations.
2. Notwithstanding the second sentence of paragraph 2 of Article 26, any information received under paragraph 1 of Article 26 by a State may, without further conditions, also be used by that State for the carrying-out of the income-related regulations as meant in paragraph 1.
