

The map shows a proposed road layout in the Oudheusden area. The road starts at point 2.7 in the bottom right, near the N267 road, and runs generally north-west. It passes through agricultural fields and crosses several smaller roads: Springstraat, De Oosters, and Koolaan. The road then turns more north-west, passing through a residential area with streets like Tulpensstraat, Adrianus Loeffstraat, Robrechtstraat, and Van Burenstraat. The road ends at point 4.4 near the N267 road. A scale bar in the bottom left corner indicates 200m.
