

This aerial photograph shows a complex urban intersection with several streets, including Bolkbeek, Roselaan, and Rijnlaan. The image is overlaid with a technical diagram indicating the proposed locations for new traffic lights. Red triangles mark the specific locations, while orange dashed lines show the layout of the signalized areas. Labels such as 'nieuw: B6 (op vri-mast)' and 'nieuw: B6 + 0B5030B02 (op vri-mast)' are placed near the triangles to identify the specific locations and configurations. The diagram also shows existing road markings, including 'BUS' and 'STOP' lines, and the surrounding urban environment with buildings and parked cars.
