

This is a detailed urban planning map of a city area, likely a riverfront. The map features a complex network of streets and waterways. A prominent feature is a large, irregularly shaped area in the center, colored in shades of purple and green. This area is divided into several sub-zones, some of which are further subdivided into smaller blocks. A diagonal line, possibly a railway or a major road, runs through the center of the map. The map is surrounded by a dense network of streets and buildings, indicating a highly developed urban environment. A north arrow is located in the top left corner, pointing towards the top of the map. The map is oriented with North at the top. The purple and green areas represent specific land use zones, while the yellow and blue areas represent other types of land use or infrastructure. The map is a technical drawing, likely a site plan or a zoning map, used for urban planning and development. The map is a technical drawing, likely a site plan or a zoning map, used for urban planning and development. The map is a technical drawing, likely a site plan or a zoning map, used for urban planning and development.

- zone gewichtsbepierking
- zone vrachtautoverbod
- neutraal gebied.
