Onderstaande foto met plattegrond geeft de boompjes aan die we wensen te kappen binnen de rode cirkel, dit zijn er 3.

A photograph of a residential courtyard. In the background, there are brick buildings with white-framed windows and a red-tiled roof. In the foreground, there are several trees with bare branches. A large, cut log lies on the ground. Two red circles are drawn on the image: one around a tree trunk on the left and another around a tree stump on the right. The ground is covered with fallen leaves and some small green plants are growing near the tree bases.
